

Execute them all!
Burn them all!
Skin them all!
Dismember them all!

Chorus:

***For thine is the Kingdom, the Power and the Glory for ever and ever.
Our Father, who art in Asgard, Hallowed be thy Name.***

Throw their Remains to the four Winds!
No Sanctuary shall be raised for them!
No Trace shall ever Remain!
Of all who name themselves God!

I'm the Keeper of the Temple
I'm the New Incarnation
'Cause all the Gods and their Saints have betrayed us!

I'm the Archangel fallen from Grace
I'm the Unholy God of a Hegemonic Empire
The Satyr of my People in chains
The Eternal is my Destiny!

You know my name; I'm "H"!

You know my name; I'm "H"!

Chorus:

***For thine is the Kingdom, the Power and the Glory for ever and ever.
Our Father, who art in Asgard, Hallowed be thy Name.
For thine is the Kingdom, the Power and the Glory for ever and ever.
Our Father, who art in Asgard, Hallowed be my Name.***
