

# **In Gods We Fear**

Day by Day, Month by Month, they will come back  
Year by Year, Century by Century, they will stay  
The Hegemony of analytical Denial!  
Prophets in place of Truth!

The Choice to not having the Choice anymore  
Obedience for all Allegiance  
The belief of Abstinence  
The Abstention of a Life!

What to do then with the Power of Gods?  
What to finally say to our lost Souls?  
Who to protect from this Damnation?  
To whom to turn to finally pray?

Day by Day, Month by Month, they will come back  
Year by Year, Century by Century, they will stay  
The Hegemony of analytical Denial!  
Prophets in place of Truth!

***In Gods we fear! x4***  
***In Blood we swim! x2***

***Solo***

We spill the Gods!  
I am your Son!  
We spill the Gods  
We are your (... Sons!) x 4
