

## **- Carve Up -**

Why do you remain lifeless in this bloodbath?  
What do you feel now that I am God?

I am GOD!!!

I am the murderer! You are the victim!  
I am victorious! You crawl on the ground!  
I am ambitious! You remain speechless!  
I'm Death, this is your invitation!

Scream! Scream again you are but silence!  
What will be left of you after all this?  
Cry! Cry again your red tears!  
Who are you to stand before me?

### **Chorus**

***Dismembered, slicing up, mutilated  
Back from the Grave  
Dismembered...  
And your remains buried!***

I am the author of a real carnage!  
You're the one standing at the Gate!  
I bid you welcome to Hell!  
I'm Death, this is your benediction!

### **Chorus**

***Dismembered, slicing up, mutilated  
Back from the Grave  
Dismembered...  
And your remains buried!***

*Why do you remain lifeless in this bloodbath?  
What do you feel now that I am God?*

### **Solo**

### **Chorus**

***Dismembered, slicing up, mutilated  
Dismembered and your remains buried!  
Back from the grave  
Skinned alive by severe burns!  
Dismembered, slicing up, mutilated  
To reborn... at last in Blasphemy!***
