

# **Flying in a Dark Dream**

From Blackness to Decay, welcome to my World!  
We crossed the Border; there's no real World anymore!

## ***Chorus***

***Welcome to my Nightmare  
Welcome to my Dark dream  
You can fly from now on***

***You are on OSWEDEME  
You are on this Viking Ghost Ship***

From furious Gargoyles to the Vaults supporting my Church!  
Here I am my Sons! Let the Blood flow in Demonic Cascades!  
From Blackness to Decay, welcome to my World!  
We crossed the border; there is no real World anymore!

## ***Chorus***

***Welcome to my Nightmare  
Welcome to my Dark dream  
You can fly from now on  
Fly in this Dark Dream***

***You are on OSWEDEME  
You are on this Viking Ghost Ship***

## ***Chorus***

***You are on OSWEDEME  
You are on this Viking Ghost Ship X2***
